

Brad Pitt and Jennifer Aniston Separate

It is very interesting to study the astrological activity in Brad Pitt's horoscope (December 18, 1963; 6:31 AM CST, Shawnee, Oklahoma; 11 Sag 54) throughout his relationship with Jennifer Aniston (February 11, 1969; 10:22 PM, Los Angeles, CA; Asc 24 Lib 40).

In Pitt's horoscope, when they started their relationship in 1998, tr. Saturn was square the conjunction of Moon, Venus, and Mercury ruler of the 7th. SA Uranus was square Mercury (SA Ura=Mer), and the SP Moon was square the SA Sun. In Aniston's horoscope: tr. Saturn was conjunct Saturn (Sat r. 4th, practically in the 7th), square MC, and oppose the Ascendant; SP Moon square Saturn, and oppose MC!!! (not to mention, SA Asc=Mar (r. 7th); Asc=Ven; Mar=Moo; Sun=Moo).

In Pitt's horoscope, when they married in July 2000, tr. Pluto was conjunct the Ascendant with SA Ven=Mer ("romantizing; thoughts of love"). In Aniston's: tr. Saturn was opposed Mars (r. 7th); SP Moon square Mars and Ascendant.

They are now separating seven years later from the time they began in 1998. In Pitt's case: Tr. Saturn is opposed Moon, Mercury, and Venus; and the SP Moon is opposed SA Sun. In November 2005, SA Pluto will semisquare the Ascendant (SA Plu=Asc...the exact same contact at the time of their marriage), accompanied by SA Uranus square the Moon (SA Ura=Moo)! In Aniston's case: tr. Saturn is conjunct MC, and square Saturn (r. 4th) and Ascendant; SP Moon square MC, conjunct Saturn, and oppose Ascendant.

The seven-year cycle of transiting Saturn is certainly interesting to study! With Aniston, it is again the seven year cycle of transiting Saturn, in sync with the SP Moon.
